Senator Gaughran Lauded for Dedication to Clean Air, Water

Albany – Today, Environmental Advocates Action recognized Senator James Gaughran (D-Oyster Bay) for his dedication to protecting Long Island's air and water. Last week, Environmental Advocates Action released their [2020 Environmental Scorecard](#), which records the environmental votes of all state lawmakers during the legislative session. In it, Senator Gaughran received a perfect score for the second year in a row.

Peter M. Iwanowicz, executive director of Environmental Advocates Action said, “Long Islanders cherish clean air and clean water and Senator James Gaughran has been hard at work protecting both. He has earned the reputation of being a champion for Long Island's environment. His perfect score in his two first years in office should be all the proof that voters need that Senator Gaughran should be returned to Albany to continue to fight for a better environment.”

Environmental Advocates Action's *2020 Environmental Scorecard* exists as a means to draw attention to State Legislators' records on the environment and hold them accountable for their actions or inaction. For the complete *Scorecard*, visit www.eaaction.org.

###

Environmental Advocates Action (formerly known as EPL/Environmental Advocates) was founded in 1969 as one of the first organizations in the nation to advocate for the future of a state's environment and the health of its citizens. It is the sister organization of Environmental Advocates NY.
